AIA/CES Quality Statement

This program is registered with the AIA/CES for continuing professional education. As such, it does not include content that may be deemed or construed to constitute approval, sponsorship or endorsement by the AIA of any method, product, service, enterprise or organization. The statements expressed by speakers, panelists, and other participants reflect their own views and do not necessarily reflect the views or positions of The American Institute of Architects or of AIA components, or those of their respective officers, directors, members, employees, or other organizations, groups or individuals associated with them. Questions related to specific products, publications, and services may be addressed at the conclusion of this presentation.

Learning Objectives

1. Learn about the history and development of Washington, DC and the Capitol Building.
2. Learn about the work of the Architect of the Capitol; the stewardship of our national treasures. Learn about the historic preservation program and sustainability program on Capitol Hill.
3. Learn about the rich artwork and statuary collection in the Capitol Building and other buildings on Capitol Hill.
4. Learn new and innovative ways to do more with less and prioritize work in a way that ensures the most important work rises to the top of your funding list.
