## Course Description

The **Justice Facilities Review (JFR)** documents best practices in planning and design for justice architecture. The *2018 Justice Facility Review Celebration Luncheon* is an opportunity to highlight the published projects and Citation Award winners for the year, and to hear reflections on the awards process as told by awards jury members.

## Learning Objectives

1. Highlight published and Citation Award winning projects
2. Share jury comments on the selected projects
3. Learn from a panel of awards jurors about the process of deliberating and selecting projects of note
4. Remove some of the mystery in how projects are selected from a larger group of submittals
