PROGRAM DESCRIPTION:

The Professional Practice Leadership Program (2PLP) is a 10 month leadership program that is intended to complement the formal education architects currently receive. The program's purpose is to improve the level of professional practice within the profession. Architects must become more informed practitioners to better deal with our current environment. 2PLP graduates will be exposed to key aspects of professional practice in a focused environment taught by talented professionals. The future practitioners of this profession can take the first steps to becoming more informed by gaining better knowledge in the following areas.
