OVERVIEW

Since 2015, the Leadership Institute has served the architecture industry as a one-day, multi-location educational event designed to connect many diverse leaders and emerging professionals in a national discussion.
Through the Leadership Institute, new and veteran leaders together examine leadership, identify strengths and values, enhance their skills, and explore how the profession can better engage and support the next generation of leaders.

**Program goals**

- Produce a leadership development culture
- Prepare veteran and next generation leaders
- Promote leadership in community engagement
- Proliferate equity, diversity, and inclusion through leadership
