

## AAH ACHA Summer Leadership Summit (SLS) 2024 Tours Application

<p>2024 SLS Tours Introduction</p>	<p><b>Welcome to the 2024 SLS Tours Selection</b></p> <p>This is the annual healthcare architecture conference that routinely draws the leading American healthcare architects together to consider the wider healthcare space outside of our practices. Unlike other healthcare architecture conferences, the point of this conference is decidedly NOT about healthcare architecture or promoting products, but more focused on the forces that will shape its future. The live format of the conference will include 60-minute didactic and interactive sessions by keynote subject matter experts in whatever form best engages with the audience. The event is jointly produced by the American Institute of Architects' Academy of Architecture for Health and the American College of Healthcare Architects, and has been limited to only 200 attendees, to maintain collegial intimacy and interactive discourse.</p> <p>This year's conference will take place in Denver, Colorado from July 26 – 28 with Sunday, July 28 reserved for tours.</p>
<p>First Name</p>
